

ABOUT THE AFTERLIFE PARTY

The Afterlife Party is a YouTube web series and investigative team based in Western Australia, created by passionate paranormal researchers, Jaysinn and Kat. Our mission is to explore the unknown, gather credible evidence and attempt to answer one of humanity's oldest and most haunting questions: Are ghosts real?

For centuries, people have shared stories of hauntings and unexplained encounters with the spirit world. From ancient civilisations to modern-day skeptics, the search for answers about the afterlife has never stopped. And like so many before us, we are driven by a deep curiosity — and an even deeper desire to prove the existence of the paranormal.

Over the years, our investigations have taken us to some of the most active and mysterious locations in Western Australia. Armed with cameras, spirit boxes, EMF detector, and an open mind, we've documented unexplainable events and intelligent spirit communication that continue to challenge logic and science.

Many of these moments are captured in real-time on our YouTube series, where we share our findings with fellow believers and curious minds alike.

EXPLORE ONE OF WESTERN AUSTRALIA'S MOST HAUNTED **SITE'S**

Step into the chilling past at the Albany Convict Gaol—a site steeped in over 150 years of history and whispered legends. Originally built in 1852 to house Imperial convicts transported from Britain, this atmospheric stone fortress has witnessed countless tales.

Widely regarded as one of the most haunted locations in Western Australia, this historic 19th century gaol has become a magnet for those seeking answers about the afterlife.

Today, its cold cells, shadowy corridors and eerie silence offer more than just a glimpse into colonial life—they invite you to encounter the unexplained. Visitors and investigators alike have reported disembodied voices, sudden cold spots, ghostly figures and doors that slam with no one nearby. The gaol's grim history lingers in the air, making it a magnet for paranormal activity.

The Albany Convict Gaol promises an unforgettable night in one of Western Australia's most haunted and historically rich locations.

PARANORMAL INVESTIGATION EQUIPMENT USED:

The Afterlife Party use a range of professional and experimental tools to detect, communicate with and document spirit activity. Each device plays a unique role in helping us bridge the gap between our world and the unknown. During your investigation, you'll have access to the same tools we use in our YouTube series — each chosen to help detect and communicate with spirits:

- **EVP Recorder** – Captures unexplained voices not heard in real time.
- **K2 EMF Meter** – Detects electromagnetic fields, often manipulated by spirits.
- **Spirit Box** – Scans radio frequencies, allowing real-time spirit communication.
- **Spirit Talker** – An app that lets spirits select words from a database.
- **Cat Balls** – Light up when touched, signaling movement or presence.
- **Chirpy Bird** – Plays a tune when moved — a spirit favorite!
- **Doorbell Sensors** – Alert us when triggered by unseen forces.
- **REM Pod** – Emits tones and lights when spirits break its EM field.
- **Dead Bell** – A bell that rings in response to electromagnetic changes.
- **Trigger Objects** – Historically significant items that encourage interaction.

You'll not just watch — you'll investigate with us, using real tools in a real haunted location.

INSIDE THE INVESTIGATION

Join Jaysinn and Kat, lead investigators and founders of The Afterlife Party for an exclusive paranormal experience at the Albany Convict Gaol, where you'll learn about the Gaol's haunted history and the paranormal phenomena reported within its walls.

You'll receive a hands-on crash course in investigation techniques, including how to operate the paranormal investigation devices and equipment just like the pros.

To ensure a personal and immersive experience, the group will be split into two smaller teams of six, each led by two experienced paranormal investigators. You'll explore different sections of the gaol, engaging in attempts to communicate with the spirits that still linger there.

The investigation duration is for 5 hours which will unfold in two parts, with a 30-minute break in between for photos, refreshments and a chance to discuss your experiences and Q&A.
